

FLAT DECK LOW LOADER

WHATEVER THE LOAD...

From small machines to medium bales. Our Flat Deck Low Loaders are available in 15 & 20 tonnes and are mounted on tandem or tridem springs.

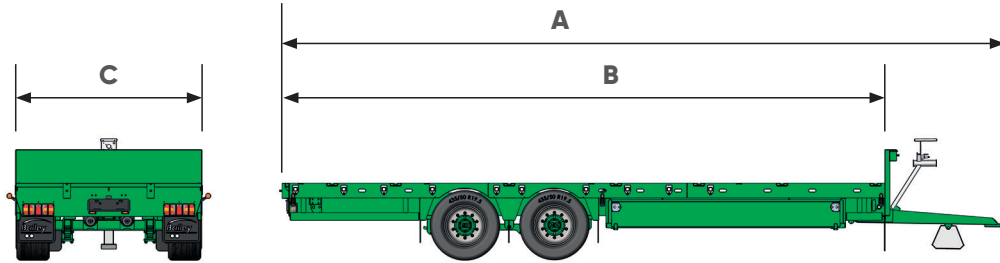

Features include: 38 mm hardwood planed floor, fully road legal lights and commercial axles as standard. All models are 2500 mm/8'2" overall width, and a deck height of 900 mm with addition of outriggers if required. The Flat Deck Low Loader is built to the same specification as the Beavertail, but is flat to the back and comes with aluminium loading ramps complete with a storage rack underneath.
